

EMISSION CLASSIFICATION OF BUILDING MATERIALS

Egetaepper a/s

The classification working group set up by the Building Information Foundation RTS sr has approved the following product:

Contra Ecotrust 350A
ReForm Ecotrust 350A
Highline 1100 Ecoline WTA
Highline 630WTA
Highline 750WTA
Highline 910WTA

as belonging to emission class M1 for building materials.

The classification is valid until November 18, 2021.

Egetaepper a/s has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2018 and the Classification of Building Materials: General Instructions.
